

## SacEV News Flash

### Thank You to SacEV Members

Several SacEV members showed up to provide testimony about Climate Change and EVs. Special thanks to SacEV members **Colin McNeil, George Parrott, Sandra Hall, Dana Jenks, Steve Noctor, Chris Brown,** and others

who provided their personal views on the importance of Climate Action. The large number of citizens desiring to comment caused the standard two minute time slots per speaker to be reduced to one minute. Everyone still managed to deliver important messages to the commission. The next time you see these people, tell them thanks for stepping up.

Our next step is working with the rest of the Technical Advisory Committee to specifically define what the 80% EV goal means. If you'd like to help out, let me know.

#### **Transit & Shared Mobility**

Expand and improve transit and shared mobility services to be more competitive with single occupancy vehicle use so that by 2030, 30% of all trips are by transit and pooled shared mobility, 50% by 2045.

#### **Active Transportation**

Expand and enhance accessibility to low-stress connected infrastructure for walking and rolling so that by 2030, 30% of all trips are by active transportation, 40% by 2045.

#### **Vehicle Electrification**

Electrify 80% of the transportation sector including all personal and shared vehicles, public fleets, and private fleets, by 2030, 100% by 2045.

Check out my [blog](#) entry at the Mayors' Climate Commission web page.

### Regional EVents

#### **EVs at the Davis Farmers Market**

The SacEV and Davis EV Associations (DEVA) display an EV at every Davis Farmers Market. Each display includes an EV, the EV's owner, and one or two helpers who pass out literature and answer questions from attendees. If you haven't been to the Davis Farmers Market, you'll be in for a real treat.

We typically display on the 3rd Saturday of the month and are looking for August 17 helpers. Contact Robert Poeschel if you would like to join us ([robert.poeschel@gmail.com](mailto:robert.poeschel@gmail.com)).

## Reno EAA Activities

### Reno Hot August Nights

The NorCal-Reno Tesla Owner's Club invites all EV owners to join them at the Reno Hot August Nights. We are heading to Hot August Nights in Reno to enjoy showing off our cutting edge technology among all those classic cars. The AAA rate at the Courtyard was \$175/night two weeks ago. Best to book soonest.

#### Friday

- Informal no host meetup of owners around 6:00pm at The Jesse
- GigaFactory Tours 1:00 & 3:00pm. Limit 11 people/tour. Sold Out - Wait list [here](#)

#### Saturday

- Informal no host breakfast at the Marriott Courtyard
- GigaFactory tours, 10:00am & 1:00pm tours. Limit 11 people/tour. Sold Out - Wait list [here](#).
- Meet with other EV owners for the grand opening of the Reno Tesla store. Cost \$40 which covers a commemorative t-shirt, food, and band. Sign up [here](#).

#### Sunday

- Informal no host breakfast at the Marriott Courtyard

**Start:** Friday, August 9, 2019

**End:** Sunday, August 11, 2019

### EV Cruise to Minden, Nevada

Join us for a short road trip on August 24, 2019, to [Minden, NV](#) just east of Lake Tahoe's south shore, where we will take a tour of the [Bently Heritage Distillery](#). Inspired by the distilleries of the old world, Bently uses only grains grown on their ranch in Nevada. [Bently Ranch](#) sustainably grows and harvests winter rye, wheat, oats, and barley, which they malt in-house on their malting floor.

Also, check the special [Dangberg Main Street Event Show and Shine Car Show](#) on the same day.

The tour is \$10, or \$20 if you include tasting. Contact Melissa at [NevadaEAA@gmail.com](mailto:NevadaEAA@gmail.com) to RSVP.

## Fun SacEV Activities

### Official Vikingsholm 90th Celebration

Join us for the Tahoe highlight of the summer as we celebrate the 90th birthday of Vikingsholm! Drive down to the castle to enjoy a tour, catered reception with fine wine, followed by a special presentation featuring Dr. Helen Smith. The evening will end with cake and a bubbly toast! **44 tickets left!** (as of 6/4)

This fundraiser celebrates the new Vikingsholm Forever Endowment Fund. Yes...gifts, please!

**Cost:** \$90 per person

**Date:** August 24, 2019

**Time:** 5:00pm - 8:00pm

**Location:** Vikingsholm parking lot on Highway 89 at Emerald Bay, CA

**Organizer** Sierra State Parks Foundation

**Phone:** (530) 583-9911

**Website:** <https://sierrastateparks.org/>

**Tickets:** [Click Here](#)

## Mammoth Lakes Drive Electric Week

The Mammoth Lakes EAA chapter wants EV owners to provide rides for potential EV buyers. They hope for a variety of EVs. The organizers also need educators and volunteers to help with sign-ups and perform other tasks. This event was very successful last year. Great attendance is expected again. Raffles and prizes! **Overnight housing will be provided.**

Date: Sep. 14, 2019

Time: 11:00am to 5:00pm

Where: 6201 Minaret Rd., Mammoth Lakes, CA 93546

Remember check majestic Mammoth Lakes. The year-round adventure land is one of those places that you have to see to believe. Tesla Supercharger and multiple Level 2 EVSEs are available at Mammoth Lakes.

To volunteer, contact Don Condon at [condon.don@gmail.com](mailto:condon.don@gmail.com) or (510) 467-2197.

## Upcoming Webinars

### Power Players:

### The Women Leading Transportation Electrification

Join us Thursday, August 29, at 10:00am for this 75-minute webinar. More information to come soon!

The webinar is free. Save the date. Registration information will be sent soon.

### Mobility Data Sharing: Middle Ground Approach

Tuesday, August 20 · 10:00 – 11:00 am

#### Speakers:

- **Austin Brown** - Executive Director, Policy Institute for Energy, Environment, and the Economy, UC Davis
- **Paige Pellaton** - Graduate Student Researcher, Policy Institute for Energy, Environment, and the Economy, UC Davis

Dynamic and responsive transportation systems are a core pillar of equitable and sustainable communities. Achieving such systems requires comprehensive mobility data, data which reports the movement of individuals and vehicles. Oversharing and undersharing mobility data are both problematic. We argue for a middle-ground approach.

The webinar is free. Register [here](#).

## More SacEV Events Are Coming Up
