Davis EV Meeting

The Davis EV Association (DEVA), a joint group of SacEV and Cool Davis, will meet next Wednesday, February 14 in Davis. We plan to show some new EVs, such as the Tesla Model 3 and the Chrysler Pacifica plug-in hybrid minivan. We will also present updates on the EV market and PG&E's EV-related rates and programs.

Pizza and sodas will be served.

The meeting will take place from 6 p.m. to 7:30 p.m. at [909 5th Street](#) in Davis, the office of Repower-Yolo. This company works with solar companies and local financial institutions to reduce the cost of solar installations.

Have a new EV?

Let us know if you've recently acquired a new EV—we'd like to help you show your vehicle to potential EV customers. We are especially interested in displaying 2018 EV models, including the Honda Clarity (electric, fuel cell, or plug-in hybrid) and the Tesla Model 3.
