A Critical Time For You to be Heard

Next weeks, California's Air Resources Board will hear a proposal to require all new cars be zero emission by 2035. Since passenger vehicles are the state's single largest source of global warming emissions, this rule is a huge deal for the climate.

We are already seeing the impacts of climate change, from deadly wildfires to crippling drought, and the science indicates that we are simply not reducing emissions fast enough. 2035 is too late. Given how long new cars stay on the road, requiring more ZEV sales in the near term will lock in fewer tailpipe emissions for the decades ahead.

RALLY FOR CLEAN CARS!

Support the strongest possible EV sales targets and mandatory equity provisions. Demand pollution-free, gas-free cars in the communities that need them most!

WHEN

June 9th, 8:30am.
Arrive early to get your swag!

WHERE

CalEPA building in Sacramento
1001 I st (10th and I st)

WHAT

Rally to pressure to CARB to adopt the strongest possible EV sales targets and mandatory equity provisions!

Wear bright blue to coordinate! →

RSVP TODAY

Make a Difference — Join the SacEV Board

If you want to make a difference in our community's drive toward cleaner air, please consider joining the SacEV Board. We currently have three openings. You don't need to own an EV or be an EV expert. All you need is a passion for changing the world for the better.

Contract Peter Macken ([rpmackin2000 AT gmail.com](mailto:rpmackin2000@gmail.com)) for more information.

Upcoming Webinars

EV Related
Webinars

SacEV brings you a list of upcoming EV related presentations. In case you missed one, we've added pointers to the recordings. You can also find this list on the SacEV.org website [HERE](#).

Join the National Electric Vehicle Association

When you join other SacEV members as national Electric Vehicle Association members, you are part of the national grass-roots community advocating for EVs in the USA. The national EVA is critically important to SacEV as it handles our administrative chores (tax filings, non-profit status, banking service, insurance, legal help, etc.) and provides value, such as webinars and the two nationwide events: National Drive Electric Week and Drive Electric Earth Day.

Your SacEV leadership team relies on these services, so we encourage you to join the national organization for the small sum of \$35 annually. You will also be able to keep current with the latest developments in the rapidly changing world of electric vehicles in our regular Current Events e-blog. This blog is full-color, available 24/7 on-line from your desktop, laptop, smartphone, or however you access the internet.

Your membership provides value to you, our local SacEV chapter, and you become a member of this critical national movement. **Please join NOW.** You may also send a check payable to the Electric Vehicle Association, c/o Guy Hall, 8325 Walden Woods Way, Granite Bay, CA 95746.

More SacEV Events Are Coming Up

Check the [SacEV calendar](#) for the latest EV-related activities.
